*Election/Restrictions*

1. Applicant's election of Species A and D in the reply filed on 07/18/2005 with traverse is acknowledged. However, the reply is non-responsive. A responsive reply must both identify the species that is elected and list all the claims readable thereon. See MPEP 809.02(a).

Applicant argues that no reasons were given for the election requirement. This is not found persuasive. The cited MPEP 816 is for other kinds of restriction such as combination-subcombination but not for species restriction.
